“Push” or “Pump”

How does a “Push” work

- Long lasting and constant influx of volume into an asset, pushing price higher and gaining buyer attention.
- Duration: 1-4 Weeks
- Best For: Promoting organic growth on a project and gaining buyer attention through constant growth.

How does a “Pump” work

- Extremely high volume injected to an asset in a small period of time
- Duration: 30 Minutes - Few Hours
- Best For: Selling a large amount of tokens in a fast and efficient manner
